Science Never Ends
Neither Do We!

Welcome Letter

It is my pleasure to announce the First Erbil Gastroenterology & Endoscopy International Conference & Exhibition, taking place on 18–19 June 2026 at Erbil Rotana in Erbil, Kurdistan Region of Iraq.

This premier event will bring together gastroenterologists, endoscopy specialists, researchers, and healthcare professionals from Iraq and around the world to exchange expertise, explore innovations, and advance knowledge in gastroenterology and digestive health.

The scientific program will cover a comprehensive range of topics in gastroenterology and endoscopy, highlighting evidence-based practices, recent advancements, and multidisciplinary approaches aimed at improving prevention, diagnosis, and management of digestive diseases.

This conference will provide an exceptional platform for scientific learning, professional dialogue, and meaningful networking among colleagues committed to advancing gastrointestinal health.

We also look forward to welcoming you to the vibrant city of Erbil for what promises to be an inspiring and rewarding experience.
