

# Basic Anatomy Workshop

22:00 (Korea Time)  
June 5, 6 & 12, 2020  
Video Conference

Organized by

Supported by

at 22:00 (Korea Time) on June 5 (Fri)

## Session I.

## Preparation for EUS Equipment and Basic EUS Anatomy I

| Time   | Lecture Title  | Name                | Organization  | Country |
|--|--|---------------------|---|---------|
| <b>Chairs: Gwang Ha Kim (Pusan National University, Korea)<br/>                     Hsiu-Po Wang (National Taiwan University Hospital, Taiwan)</b> |  |                     |   |         |
| 22:00-22:05  | Introduction and aims of the course                        | <b>Dong-Wan Seo</b> | University of Ulsan                                     | Korea   |
| 22:05-22:30  | Pre-test   |                     |   |         |
| 22:30-22:50  | Setting up the EUS machine/ Artifact of ultrasound imaging | <b>Hsiu-Po Wang</b> | National Taiwan University Hospital                     | Taiwan  |
| 22:50-23:10  | Radial and linear EUS for mediastinum                      | <b>Rajesh Puri</b>  | Medanta Institute of Digestive & Hepatobiliary Sciences | India   |
| 23:10-23:30  | EUS for GI tract   | <b>Do Hoon Kim</b>  | University of Ulsan                                     | Korea   |

\* 15 Min Lecture + 5 Min Q&A

at 22:00 (Korea Time) on June 6 (Sat)

## Session II.

## Basic EUS Anatomy II and EUS-FNA/B

| Time   | Lecture Title  | Name                 | Organization                        | Country |
|--|--|----------------------|-------------------------------------|---------|
| <b>Chairs: Jong Kyun Lee (Sungkyunkwan University, Korea)<br/>Christopher Khor (Singapore General Hospital, Singapore)</b> |  |                      |                                     |         |
| 22:00-22:20  | Radial EUS for biliary tract and pancreas                                    | <b>Yu-Tung Kuo</b>   | National Taiwan University Hospital | Taiwan  |
| 22:20-22:40  | Linear EUS for biliary tract and pancreas                                    | <b>Tae Hyeon Kim</b> | Wonkwang University                 | Korea   |
| 22:40-23:00  | Technique and tips to increase the diagnostic yield of EUS-FNA/B             | <b>Jong Kyun Lee</b> | Sungkyunkwan University             | Korea   |
| 23:00-23:20  | Technique of sample preparation for increasing diagnostic yield of EUS-FNA/B | <b>Seung-Mo Hong</b> | University of Ulsan                 | Korea   |

\* 15 Min Lecture + 5 Min Q&A

at 22:00 (Korea Time) on June 12 (Fri)

## Session III. EUS in Gut, Mediastinal, and Biliary Disease

| Time   | Lecture Title                                  | Name                    | Organization               | Country   |
|--|--|-------------------------|----------------------------|-----------|
| <b>Chairs: Chang-Min Cho (Kyungpook National University, Korea)<br/>Rajesh Puri (Medanta Institute of Digestive &amp; Hepatobiliary Sciences, India)</b> |  |                         |                            |           |
| 22:00-22:20  | Common lesion in the GI tract and mediastinum  | <b>Gwang Ha Kim</b>     | Pusan National University  | Korea     |
| 22:20-22:40  | Common lesions of pancreas and retroperitoneum | <b>Christopher Khor</b> | Singapore General Hospital | Singapore |
| 22:40-23:00  | Common lesions of hepatobiliary system         | <b>Tae Jun Song</b>     | University of Ulsan        | Korea     |
| 23:00-23:20  | Post-test                                      | <b>Dong-Wan Seo</b>     | University of Ulsan        | Korea     |

\* 15 Min Lecture + 5 Min Q&A
