

First of its kind in the history of Indian Endoscopy

'A multicity on-site physical conference'

LIVE ENDOSCOPY 2021

**REGISTRATION
IS
NOW OPEN !!**

25th and 26th
September 2021

Live demonstrations from

**BIDS
Global Hospital**

Mumbai

**Institute of Gastrosciences
Apollo Hospital**

Kolkata

AIG Hospitals

Hyderabad

**Medanta
The Medicity**

Gurugram

Detailed Course Format

- 10 hours LIVE transmission of endoscopic procedures from 4 leading endoscopy centers of India along with 8 crisp lectures from International experts
- Live endoscopy procedures beamed to 24 cities from India having an on-site audience who will watch on a big screen
- Live demonstration sessions will be preceded and succeeded by lectures on unique topics on Saturday the 25th.
- On Sunday the 26th only live procedures will be shown
- Indian endoscopy masters will form the panel of moderators and conduct the proceedings at each physical venue
- An Endoquiz will be conducted throughout with meeting between the sessions
- Technical details of the instruments and accessories will be displayed during the entire meeting
- Non-physical attendees can see the entire proceedings on the virtual platform after pre-registration

INDIA LIVE

ENDOSCOPY 2021

Message from the course directors

As our country is slowly emerging out of the 2nd wave of the Covid pandemic, it is time for us to get back into the mode of normalcy and savor the taste of physical academic meetings instead of only virtual interaction.

For the first time in the history of India Endoscopy, four leading Endoscopy centers of India have come together to present to you the inaugural conference of INDIA Live endoscopy 2021. This on-site physical conference will be predominantly focused on LIVE demonstration of endoscopy procedures beamed from all the 4 centers. The procedures will be transmitted to 24 cities of India where the attendees will be present physically sitting in an auditorium having a big LED screen. Around 50 to 100 attendees will be present at each venue depending upon their location and choice.

Leading endoscopy experts from various parts of India will form the panel of experts and moderators at each venue and conduct the discussion as well as interact with the demonstrating faculty.

This meeting will begin on the 25th of September (Saturday) and will commence at 1pm with a series of state-of-the-art lectures from International masters. This will be followed by 6 hours of LIVE procedures and then again followed by another set of lectures. On Sunday we will only have a LIVE transmission of procedures from 9am to 1pm followed by lunch.

During the meeting we plan to show you all the aspects of GI Endoscopic procedures right from the basics to the most advanced in a step-by-step manner which the attendees can incorporate in their day-to-day practice.

We will have a continuous EndoQuiz running throughout the meeting with active voting opportunity for the attendees.

We have received an overwhelming response from the Pharma and Instrument Industry whose products will be showcased during the proceedings to help you enhance your patient care.

For some of you who are still reluctant to travel or cannot attend physically, we will also be streaming the entire conference on the virtual platform. You can access this only if you have registered and obtained the virtual link from our secretariat.

Our website and registration are now open. If you are interested in enhancing your knowledge and skill in GI Endoscopy, this is the golden opportunity. Please send us a mail through our website and will be happy to facilitate your registration.

Looking forward to interacting with you in this unique academic feast!!

Amit Maydeo

Mahesh Goenka

Nageshwar Reddy

Course Agenda

Live demonstrations by national experts

- Image enhanced endoscopy
- Basics of diagnostic EUS
- EMR & ESD
- Third space endoscopy
- Small bowel endoscopy
- Bariatric endoscopy
- ERCP - Selective cannulation techniques
- ERCP - Bile duct intervention
- ERCP - Pancreatic endotherapy
- Interventional EUS

Lectures by international experts

Alessandro Repici
Artificial intelligence
in GI Endoscopy

Stefan Seewald
Endotherapy of
variceal bleeding

Arthur Kaffes
Endotherapy of
midgut bleeding

Nalini Guda
Post ERCP pancreatitis
New data

Michel Kahaleh
Intraprocedural bleed
Endotherapy

Claudio de Angelis
Interventional EUS
A critical analysis

Mouen Khashab
Endoscopic suturing
Indications & technique

Pankaj Pasricha
Disruptive technology
in GI Endoscopy

Course Agenda

25th September (Saturday)

On-site physical attendees to check-in at the respective venues (Hotels) in the forenoon till 12noon

12noon - 12.50pm - Pre-conference LUNCH

12.50pm - All physical on-site attendees to assemble in the hall

12:50- 01.00pm - Conference AV presentation followed by LIVE welcome from the course directors

LECTURE SESSION 1 (1.00PM TO 2.00PM)

- 1.00pm to 1.15pm - Artificial intelligence in GI Endoscopy – Alesandro Repici (Italy)
- 1.15pm to 1.30pm - Endotherapy of variceal bleeding – Stefan Seewald (Switzerland)
- 1.30pm to 1.45pm - Post ERCP pancreatitis – New data – Nalini Guda (USA)
- 1.45pm to 2.00pm - Endotherapy of mid-gut bleeding – Arthur Kaffes (Australia)

LIVE SESSION 1 (2.00PM TO 3.30PM)

Live demonstration from **AIG – Hyderabad**. (6 procedures)

- IEE for Barrett's / EGC / Artificial intelligence in GI endoscopy
- ESD for a flat adenoma in the colon
- Selective Bile duct cannulation with simple CBD stone extraction with EXALT scope
- Spiral Enteroscopy
- ERCP + cholangioscopy + intraductal biopsy + RFA + SEMS in malignant CBD block
- EUS + Hot Axios for pancreatic WON

LIVE SESSION 2 (3.30PM TO 05.00PM)

Live demonstration from **Apollo – Kolkata**. (6 procedures)

- IEE + AI for Colon polyp detection & characterization – Olympus system
- Varices endotherapy – Banding
- Argon Plasma Coagulation for GAVE
- ERCP selective cannulation + balloon sphincteroplasty + mechanical lithotripsy for difficult CBD stone
- EUS + Coil & glue for gastric varices
- Polypectomy for large pedunculated colonic polyp or piecemeal EMR for LST in colon

LIVE SESSION 3 (05.00 TO 6.30PM)

Live demonstration from **BIDS – Mumbai**. (6 procedures)

- Artificial intelligence in GI Endoscopy
- Gastric varices glue injection
- Precut accessotomy and treatment of a difficult bile duct stone with cholangioscopy and LASER
- STER for a submucosal tumor
- Pancreatic endotherapy after ESWL for stone disease
- Understanding basic EUS anatomy and FNAC of a pancreatic mass

LIVE SESSION 4 (6.30PM TO 08.00PM)

Live demonstration from **Medanta – Gurugram**. (6 procedures)

- Duodenal NET – EFTR
- Malignant hilar block – Bilateral SEMS
- Z-POEM for Zenker's diverticulum
- ARMA procedure for GERD
- EUS guided LAMS for pancreatic WON
- SBE assisted HJ dilatation and duct clearance

LECTURE SESSION 2 (08.00PM TO 09.00PM)

8.00pm to 8.15pm – Interventional EUS (A critical analysis) – Claudio de Angelis (Italy)

8.15pm to 8.30pm – Endotherapy of intra-procedural bleeding – Michel Kahaleh (USA)

8.30pm to 8.45pm – Endoscopic suturing (Indications & technique) – Mouen Khashab (USA)

8.45pm to 9.00pm – Disruptive technology in GI Endoscopy – Pankaj Pasricha (USA)

09:00 PM ONWARDS – DINNER

LIVE ENDOSCOPY
2021

26th September (Sunday)

LIVE SESSION 5 (09.00AM TO 10.00AM)

Live demonstration from **Apollo – Kolkata** . (4 procedures)

- EUS guided coeliac block
- Radiation free ERCP for CBD stone using Spyglass & Spy basket
- Pancreatic metal stent for resistant pancreatic duct stricture
- ERCP + New SEMS for benign biliary stricture

LIVE SESSION 6 (10.00AM TO 11.00AM)

Live demonstration from **BIDS – Mumbai**. (4 procedures)

- EUS + Antegrade SEMS for a malignant bile duct obstruction
- Endoscopic sleeve gastropasty (ESG)
- Double balloon enteroscopy with small bowel polypectomy
- ESD for dysplastic Barrett's

LIVE SESSION 7 (11.00AM TO 12.00 NOON)

Live demonstration from **Medanta – Gurugram**. (4 procedures)

- EUS guided coil + glue for fundic varices
- Pancreatic sphincteroplasty with PD clearance for PD stones
- Cholangioscopy for indeterminate bile duct stricture
- ESD for rectal LST

LIVE SESSION 8 (12.00 NOON TO 01.00PM)

Live demonstration from **AIG – Hyderabad**. (4 procedures)

- GERDx for GERD
- POEM + Fundoplication
- Pancreatic endotherapy through minor papilla for Pancreas Divisum
- ERCP + bilateral SEMS (Stent in Stent technique)

1pm – Closing remarks by course directors followed by LUNCH

LIVE ENDOSCOPY
2021

24 Cities from India where facility for on-site physical attendance will be made

- Kolkata ● Bhubaneshwar ● Guwahati ● Patna ● Chandigarh ● Delhi
- Jaipur ● Lucknow ● Bangalore ● Calicut ● Chennai ● Coimbatore
- Ernakulum ● Hyderabad ● Vizag ● Ahmedabad ● Pune ● Indore
- Mumbai ● Nagpur ● Rajkot ● Puducherry ● Udaipur ● Vijayawada

How to register for this course ?

For attending the program physically at one of the venues

If you are interested in attending the program physically at one of the venues above, just send us a mail on indialiveendoscopy@gmail.com or register your name on our website www.indialiveendoscopy.com and we will facilitate your on-site presence at one of the venues mentioned above.

For attending the program virtually

For attending the program virtually, you need to register for the meeting through our website www.indialiveendoscopy.com Once you register, you will get a personalized link to view the entire program on-line.

Registration fee

India delegates - Rs. 1000/- only

Foreign delegates - US \$ 50/- only

Register soon to avoid disappointment
